ILLINOIS STATE
THE STRATEGIC PLAN FOR ILLINOIS’ FIRST PUBLIC UNIVERSITY

2018–2023
A message

FROM PRESIDENT DIETZ

Dear Colleagues,

I am pleased to present the final draft of Educate • Connect • Elevate: Illinois State - The Strategic Plan for Illinois’ First Public University 2018-2023 for your consideration. This strategic plan is the embodiment of our culture of shared governance. Faculty, staff, students, and other campus stakeholders played an active role in drafting this document. The new title for the plan emphasizes Illinois State’s broad educational reach while building on the strength of our long-standing strategic plan, Educating Illinois.

As it served as Illinois State’s guiding document for nearly two decades, Educating Illinois went through several updates during its lifetime. As part of the periodic review process, I commissioned a 24-member task force to revise, update, and expand upon that plan. A great deal of thought, consultation, and input from campus stakeholders resulted in this new document. The task force members used online surveys, open forums, and focused discussions to gather input throughout the process. An initial draft of the plan was presented in September 2017, and the task force solicited further comments and input from the Illinois State community. This final draft includes the recommendations made during that process.

Educate • Connect • Elevate: Illinois State will serve as a practical guide for all units within the University for planning and resource allocation decisions. In a much larger sense, it will serve as the guiding document for Illinois State as it charts its future. Thank you to everyone who participated in this important process, and I ask for your endorsement of this plan.

Respectfully,

Larry H. Dietz
President, Illinois State University
Introduction

Welcome to Educate • Connect • Elevate: Illinois State – The Strategic Plan for Illinois’ First Public University. Since the release of Educating Illinois in 2000, and with each iteration of our comprehensive strategic plan, Illinois State University has achieved remarkable success. We are a nationally recognized leader in higher education, with numerous indicators of our positive impact on our students and the world.

The University is now poised to build on these strengths by taking the bold steps needed to respond to 21st century needs, while remaining true to our history and identity. Illinois’ first public university was originally founded to meet 19th century needs for teachers. This modest normal school became a comprehensive institution of higher education in today’s technologically complex world—a world in which communication, discovery, and change occur at a pace unimaginable by the founders of our “grandest of enterprises.”

Our plan for the University’s next chapter of excellence is based on extensive consultation with campus stakeholders. The plan highlights four Strategic Directions to organize the University’s efforts to maintain our strength and grow where opportunities arise to support student success and contribute to our disciplines, to the state of Illinois, to the nation, and to the world.

This strategic plan is written broadly, to provide guidance, not constraint. The Strategic Directions, and the Core Values they express, are central to the success of the University and its students. Our intention is to provide a framework for all university divisions, colleges, and units to unleash their creativity and identify the ways they will help move the University toward our collective Vision. Each unit—depending on its specific purposes, strengths, and contexts—may at different times undertake initiatives that emphasize some Core Values and Strategic Directions more than others, while exemplifying all of them. Each division, college, and unit is charged to align its plan with Educate • Connect • Elevate: Illinois State to maximize the effectiveness and efficiency of its contributions to student success.

A university-wide Implementation Team will coordinate accountability efforts and develop an assessment plan by which we will track our successes and identify where we need to do more or better. Educate • Connect • Elevate: Illinois State will be our roadmap as we attain higher levels of excellence in teaching, scholarship, and public service.

Educate • Connect • Elevate: Illinois State strikes a balance between an ambitious pursuit of our community’s aspirations and the financial realities faced by any state institution. The plan provides a framework for the University to exhibit its characteristic financial discipline, while making the most of our finite resources in the service of our Mission and the advancement of our Vision.

This document is the result of extensive input from the campus community, including surveys, forums, and group discussions. The energetic engagement in this process from all university stakeholders—students, faculty, staff, alumni, community friends, and partners—is a reflection of the University’s current success and a harbinger of great things to come. Together, we will exhibit our shared Values, pursue our Strategic Directions, and realize our shared aspirations.
**Vision**

Illinois State University will remain a national leader and be recognized world-wide for educating high-achieving, motivated students who seek an individualized and transformative experience at an institution that:

- Offers premier undergraduate and graduate programs that integrate emerging and innovative ideas with traditional knowledge and methods;

- Generates knowledge through high-quality scholarship (research and creative activities);

- Supports student learning through a seamless integration of curricular and co-curricular activities that actively engage students and broaden their perspectives; and

- Serves the region, state, nation, and world through its commitments to responsible stewardship, meaningful civic engagement, cultural enrichment, and the development of global citizens.

**Mission**

We at Illinois State University work as a diverse community of scholars with a commitment to fostering a small-college atmosphere with large-university opportunities. We promote the highest academic standards in our teaching, scholarship, public service, and the connections we build among them. We devote all of our resources and energies to creating the most supportive and productive community possible to serve the citizens of Illinois and beyond.
Core Values

LEARNING AND SCHOLARSHIP
Illinois State University works with students as partners in their educational development so they appreciate learning as an active and lifelong process. The University contributes new knowledge through research and creative activities in which all students, faculty, and staff are encouraged to participate. Faculty members embrace a model that values their contributions as both teachers and scholars in a balanced way.

DIVERSITY AND INCLUSION
Illinois State University affirms and encourages community and a respect for differences. The University fosters an inclusive environment characterized by cultural understanding and engagement, ethical behavior, and a commitment to social justice. The University supports a diverse faculty and staff who mentor a diverse student population. The institution endeavors to provide opportunities for students, staff, and faculty to participate productively in a global society.

RESPECT
Illinois State University fosters a culture characterized by mutual respect, a civil exchange of ideas, and a collaborative approach to problem-solving. Faculty, staff, and students acknowledge others’ rights to express differing opinions; they listen to opposing views conscientiously; and, when disagreeing, they do so responsibly.

COLLABORATION
Illinois State University community members work collaboratively to ensure the success of the University. They are dedicated to participating in shared governance, building on prior accomplishments, and making ongoing improvements. The University partners with business, industry, government, and educational entities to provide leadership in local, statewide, national, and international initiatives; expand service and outreach; and enhance financial support for instructional, scholarly, and service activities.
INDIVIDUALIZED ATTENTION

Illinois State University provides a supportive environment that focuses on each student as an individual. The University immerses learners in teaching and scholarship, fosters academic and personal growth, recognizes unique educational aspirations, and values each faculty and staff member’s contributions to student success.

CIVIC ENGAGEMENT

Illinois State University prepares students to be informed and engaged global citizens; ethical leaders who will craft, promote, and further positive goals for the betterment of society. The University promotes active learning experiences, through which students gain an awareness and understanding of civic engagement as a lifelong responsibility.

INTEGRITY

Illinois State University promotes an environment defined by the highest ethical standards. Leadership of the University is characterized by stability, adherence to shared values, collaborative decision-making, and accountable stewardship of all university resources. Teaching and learning, including research and creative activities, are conducted at the highest level of academic quality and integrity.
